

MY PROFESSIONAL PROFILE

Basic Information

Full Name

Abdellah Selmani

Current Role

Artificial Intelligence Student

Interested In

- Artificial Intelligence
- Backend Development
- Automation
- Software Engineering

Location

Kénitra, Morocco

Education

University

Ibn Tofail University

Program

Bachelor in Artificial Intelligence

Current Level

Second-Year Student

Expected Graduation

2028

Career Objective

I am looking for opportunities where I can continue learning while contributing to real software projects.

My goal is to build strong skills in Artificial Intelligence and Backend Development and eventually work as an AI Engineer.

Preferred opportunities:

- Internship
- Working Student
- Junior Software Engineer

Preferred country:

- Germany
-

About Me

I am an Artificial Intelligence student who enjoys learning by building projects.

Most of my time is spent improving my programming skills, understanding how software systems work, and exploring Artificial Intelligence.

I like solving problems step by step and I believe continuous learning is the best way to become a better engineer.

Technologies I Am Learning

Programming

- Python
- JavaScript
- TypeScript
- SQL
- PHP
- C

Backend

- FastAPI
- REST APIs

Frontend

- React
- Next.js
- HTML
- CSS
- Tailwind CSS

Databases

- MySQL
- PostgreSQL
- Redis
- SQLite

Tools

- Git
- GitHub
- Docker
- Linux
- VS Code

Artificial Intelligence

Currently learning:

- Machine Learning
- Deep Learning
- Neural Networks
- AI Fundamentals

Interested in:

- AI Applications
- AI Automation
- Intelligent Systems

Personal Projects

MoneyBott

Learning project focused on AI, backend architecture and software design.

KeyGermany

Learning project for web development and backend technologies.

FastYTDL

Desktop application built with Python.

HannyMoney

Personal finance web application.

What I Am Improving

- Clean Code
 - Problem Solving
 - Software Architecture
 - Backend Development
 - Artificial Intelligence
 - English
 - German
-

Languages

Arabic — Native

English — Improving

French — Intermediate

German — Learning

Current Focus

I am currently focusing on:

- Improving Python
- Learning Artificial Intelligence
- Building personal projects
- Understanding backend architecture
- Preparing for opportunities in Germany

Long-Term Goal

Become a skilled AI Engineer capable of building useful software that combines Artificial Intelligence with reliable backend systems.
